Hello,

My name is Jennifer Brouillard. I am a Woodstock resident and a local yoga teacher with a passion for spreading positivity and a healthy mindset. Before teaching yoga, I taught art class to pre-k through 8th grade at Trinity Catholic Academy in Southbridge for 8 years. At the end of my year last year I gifted my students in grades K-7th each a yoga class and had a blast. The feedback from the students was so positive that I reached out to the Woodstock Recreation Committee in hopes to bring some yoga to the students of the Woodstock schools! My favorite response to my yoga class was from a 4th grader who said to me, "Mrs. Brouillard, how did you get my mind to stop going so fast?" The best part about yoga is that I am just a guide giving students the skills to take with them off the mat. In my kids' yoga class, we will begin with a short check in and a mind settling guided meditation. Throughout the 4-week session students will learn about:

Their super power, which is their breath.

How to use their breath to release their worry, settle their minds, and pause before reacting.

How to tune into, listen to, and respect their bodies.

About having compassion for themselves and others and just how important it is.

About uplifting mantras to repeat to themselves in challenging times to stay positive.

They will also learn new yoga poses each week to work on strengthening and lengthening their bodies.

Feel free to check out my yoga business page on Facebook or Instagram at Roots to Fly Wellness or email me with any questions you may have.

Namaste,

Jennifer Brouillard
